Principal's Report Term 1 Week 9 - 2020

Term 1 has seen a great deal of wonderful learning around our inquiry theme 'My Community'. Well done to all the students and teachers for all the great work that has taken place.

Due to COVID-19, today will be the last day of term for students. Teachers will send home work today for students to complete each day until the end of term. Please ensure that your child/children complete their daily work to ensure that they continue to develop their literacy and numeracy skills.

We are able to provide a care and supervision program for the remaining four days of term for children of essential service workers. Please advise the office today if you require this support.

I will continue to provide regular updates via Flexibuzz to keep you informed of any developments such as transition to remote learning and/or expected return to school dates.

Please keep an eye on Flexibuzz, it will continue to be our school community's main line of communication.

Thanks for a great term everyone. These are challenging times through which I know we will all continue to support each other. Please feel free to contact me should you require assistance in any way.

Mr Jai Harrington, Principal

Eildon Kindergarten Report

23 March 2020

Last week the children enjoyed an interactive session with the Responsible Pet Ownership Program. They sang songs, met Basil the dog and read a story where we learnt important practices and skills for recognising different dog body language cues, and approaching dogs in a sensible and safe manner.

We had a great time celebrating cultural diversity on 'World Harmony Day' last Wednesday. The children explored cultural activities such as indigenous art with earthy colours, cultural stories at mat time including both indigenous and south African themes. We looked at different flags from around the world and also looking at photos of various locations within our own town. The photos of our town sparked discussion about how lucky we are to live in Eildon.

As you all know today (Monday 23rd) is our last kinder day for Term 1. We will continue to provide regular updates regarding kindergarten closure/reopening/information via Flexibuzz and our facebook page. We will keep you informed of any developments in these challenging times.

Enjoy your term break with the children and we look forward to returning to normal session times hopefully in the near future.

Stay well, Play well, Eat Well, Clean Well and we will see you soon,

Cheers Megan and Kass.

By Lily

He is going to the world of monsters then, when he arrives, he will see a herd of monsters and run away from something. He must find out this mystery. He should have known it was a monster, so all monsters hid. After the monster has gone away they all come back. Then he found a magic wand and he found a button and pressed it. When he pressed it he felt much happier!
