

Kindergarten Report - 11th October, 2019

Term 4 started on a very positive note welcoming three new enrolments to our program.

All children were excited to be back at Kinder and keen to check on our vegie gardens progress. I am pleased to announced all produce survived and have grown.

Hayley brought some of her home grown limes to Kinder, so we experimented making lime water and a lime cake. The cake proving to be more popular than the water!

Term 4 Sun Smart Policy requires all children to be wearing hats when outside, please ensure your child is provided with a hat for this purpose.

We have the Museum Outreach Program visiting us next Wednesday 16th October, presenting 'Dinosaurs'.

Elf Reading Day will take place on Wednesday 23rd October, please start thinking about what character your child would like to dress up as, don't leave it until the last minute.

Kinder photos have been handed out, please return orders to Megan or Kass by October 23rd.

Cheers, Megan and Kass
