

Kindergarten Report - 13th September, 2019

The children have had a very busy couple of weeks.

We have been preparing our garden beds and have even started planting seedlings. Together we will water and tend to our gardens as we monitor the growth process. We will then hopefully get to enjoy the produce.

The Darlingford Nursing Home visit was again a great success. The children were very excited to be returning to visit their friends at the nursing home. (One young boy referring to one of the residents as his mate).

The residents and children played with the play dough, painted at the easel and bounced balloons around the room bringing many smiles to many faces.

The Community Services Day was another highlight. Fisheries, Police, Fire Brigade and Ambulance Services all participated on the day. The children moved around the vehicles, turned sirens on and off, tried out the ambulance stretcher, had a turn at spraying the fire hose all while having the opportunity to engage with the officers.

A big thank you to all the Community Services Officers for making this exciting day possible.

Bob Goninon came to visit us at the Kindergarten with his baby duckling. He shared his knowledge with children about the duckling and how it will grow and develop. Thank you Bob.

Kinder photos next week Wednesday 18th September.

Cheers, Megan and Kass
